

Listening with Your Eyes: An Interactive Workshop

Funded via the IAD Action Fund Regular Grant scheme

Calling Nursing Students or anyone interested in dementia:

This drama workshop delivered by Vamos Theatre Company explores practically the many ways in which we make connections. The workshop offers an opportunity to see the powerful effect of non-verbal techniques, and their benefit in helping us make real and honest connections – particularly with those living with dementia. It offers a range of tools and techniques that support the implementation of good practice in person-centred care, to develop caring habits and increase wisdom.

Thursday 21st February

9.30 -11.30am or 1 - 3pm
